IGNITE GLOBAL FOUNDATION

Annual Report

A WORD FROM THE CHAIR

I am delighted to address you as we embark on the incredible journey of Ignite Global Foundation (IGF), a venture fueled by passion, compassion, and an unwavering commitment to positive change. As the founder of IGF, I stand before you with a profound sense of purpose and responsibility. IGF started from the recognition that profound challenges persist in marginalized communities across Bangladesh. These challenges are multifaceted, encompassing barriers to education, healthcare, and skill development that perpetuate cycles of poverty and hinder the realization of potential. Our collective vision is grounded in the belief that everyone, regardless of their circumstances, deserves access to the tools and opportunities that can transform their lives. IGF is not just an organization; it is a promise to these communities. It is a commitment to stand beside them, work with them, and empower them to break free from the chains that have held them back for far too long. Our mission to provide free and equitable access to education, nutritious food, disaster resilience, healthcare, and youth development is not merely a set of objectives; it is a call to action. It is a call to bridge gaps, dismantle barriers, and create pathways for individuals to envision and craft their own secure, bright futures. It is a call to uplift and empower. We embark on this journey with a sense of optimism, fueled by the belief that positive change is not only possible but achievable through collaborative efforts. We invite you to join us in this endeavor, whether as a supporter, partner, or advocate. Together, we can make a lasting impact, fostering a more inclusive, educated, and sustainable future for the communities we serve. As we launch the Ignite Global Foundation, let us carry the torch of hope, knowing that every small step we take today contributes to a brighter tomorrow for those who need it the most.

Thank you for your support and commitment to making a difference.

Founder & Chairman

OUR STORY

Ignite Global Foundation (IGF) is a non-governmental organization run by a group of committed youth dedicated to the betterment of underprivileged and poverty-stricken children in Bangladesh. The organization was founded on February 2, 2016, by Muhammad Jahirul Islam, a visionary dreaming of a Bangladeshi youth free from illiteracy. Bangladesh, being a third-world developing country, suffers from chronic poverty and illiteracy. In the winter of 2016, Muhammad Jahirul Islam and his friends went to the airport railway station to distribute winter clothes to poor people. Some children ran up to them and said they needed education, not clothes. From that day, he realized the need to create an educational platform for slum children so they could receive equal education. As a result, he founded Ignite Global Foundation in 2016 to provide quality education to underprivileged students. Now, IGF also works on poverty alleviation, inclusive education, health and nutrition, women's empowerment, menstrual health kits, clean drinking water and sanitation, blood donation, youth development, human rights, and the eco-environment.

ORGANIZATION

OVERVIEW

Founded in 2016 and headquartered in Dhaka, Bangladesh, Ignite Global Foundation (IGF) is a pioneering non-profit dedicated to sustainable development and empowering marginalized communities. Our mission focuses on inclusive education, human and child rights advocacy, and community empowerment to achieve sustainable development goals. Grounded in values of accountability, inclusivity, and integrity, we prioritize transparency, measurable outcomes, and responsible resource management. Ignite Global Foundation has its core three programs, including Education, Youth Development, and Disaster Response and Resilience. Along with these programs, IGF has multiple projects such as Project Shabolombi, Inclusive Education, Project Nirman, Project Tripty, Project Onno, Project Qurban,i and so on.

IGF's impactful initiatives include inclusive education programs for underprivileged and special-needs children, fostering equality and inclusion. Recognized globally, we've received prestigious awards like The Diana Award and the UN Best Volunteer Group Award, the ILA 30 Under 30 Award, VSO Best Volunteer Group Award. Through the activities, IGF addresses critical issues such as poverty alleviation, gender equality, and sustainable livelihoods.

IGF's key departments, including Project Management, Media and Communication, Grants Management, Finance, and Monitoring & Evaluation, ensure operational success and strategic impact. Supported by a dedicated team, robust infrastructure, and collaborative partnerships, IGF continues to innovate and drive positive change in youth development, human rights advocacy, and community empowerment.
